Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Saturday 11 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry, sunny and cold start, then rain arriving this afternoon.

Today:
Dry, sunny and cold start but outbreaks of rain will reach western areas by late morning and then spread east across the remaining areas this afternoon, whilst turning locally heavy. Becoming breezy inland, windy along the coast. Highest temperatures Hampshire. Maximum temperature 11 deg C (52 deg F).

Tonight:
Outbreaks of rain, locally heavy, will clear east. Then patchy drizzle and hill fog follows. Temperatures will rise through the night for many places. Windy along the coast, breezy inland. Minimum temperature 8 deg C (46 deg F).

Sunday:
Overcast at first with possibly some patchy drizzle. Soon becoming dry, with perhaps some limited bright or sunny spells developing. Feeling noticeably milder than recent days. Wind eases light. Maximum temperature 13 deg C (55 deg F).

Outlook for Monday to Wednesday:
Outbreaks of rain for Monday, generally cloudy with some patchy light rain or drizzle for Tuesday and Wednesday. Remaining mild or very mild, and becoming windy at times.
